The 2019 Joint Kimberley Pilbara Forum provides a value for money opportunity for you to raise awareness of your brand, what you do, and how you support the delivery of better outcomes for the region.

Held over a full day followed by a networking dinner in the evening, the forum will bring together business, community, local and state government leaders to discuss how we can realise the potential of key initiatives.

Opportunities exist for recognition as Event Partners, Gold Sponsors, Silver Sponsors and Supporters.
